

# SPACE ANGELS NETWORK<sup>SM</sup>

## SPACE ANGELS NETWORK

THE BEST SOURCE OF  
EARLY-STAGE AEROSPACE  
INVESTMENT OPPORTUNITIES

### SPONSORSHIP OPPORTUNITIES

**SPACE ANGELS NETWORK** is a nation-wide community of active investors, aerospace- and aviation-related ventures, and the institutions that support the aerospace economy. Many Space Angels Network members have successful businesses of their own, are decision-makers at large companies, or are members of other hard-to-reach communities such as venture capital and corporate M&A professionals. The companies who apply to Space Angels Network represent the latest technologies and the best new and experienced talent in an industry undergoing rapid growth in the U.S. and abroad.

**Space Angels Networks focuses on facilitating investments in new, high-growth companies.** Our members invest up to \$2.5 million in several companies each year. When our companies receive investment they often look to establish long-term relationships with their first outside service providers.

### BENEFITS OF SPONSORSHIP:

- **Create new interest** in your products and services within the startup, investment, and aerospace communities
- **Align your brand** with the innovative and rapidly-growing commercial space industry
- **Generate name recognition** among high-net-worth individuals, technologists, and company founders
- **Network** with other like-minded partner and sponsor organizations

### SHOWCASE YOUR BRAND:

- Investor events held in major metros nationwide
- Emails received monthly by over 100 active investors
- Media exposure surrounding high-profile investments
- Space Angels Network website – a key destination for the early-stage aerospace finance community
